

Commodore BLAH!

Apple has a worm!

IBM pcjr yuk!

TRS-80 what's that????

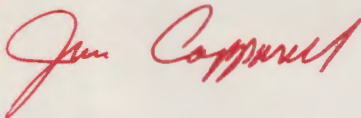

Dear ANTIC subscriber:

But you know what you have! You have simply the best 8-bit machine in the marketplace. It's the thing that brings us all together. You're part of a family of owners who consider their computers to be the best... and I agree... Atari IS the best. Your subscription to ANTIC, The Atari Resource, is the best way to find out just how incredible the Atari computer truly is.

Our unique position near Silicon Valley (close to Atari headquarters) gets us access to the most timely and reliable information. ANTIC is a magazine written strictly for Atari owners with your specific needs and questions in mind. After all, who else will tell you about all 16 graphic modes? And where else will you find up to 10 top notch programs every month? Who do you turn to when your new printer won't connect or disk drive won't work?

You're different, you didn't buy your computer because it is the cheapest, or the biggest name, or the most advertised. You bought your Atari because it's the best. I know you also want to renew ANTIC for the same reason. ANTIC is the best. If you renew now, you'll not only save \$14 off the newsstand price but you will have the information that puts your Atari to work!

Cordially

Jim Capparell
Publisher

P.S. WE ATARIANS got to stick together. RENEW TODAY!

P.P.S. Remember no matter what Atari computer you own from 400 to the new ST you'll get what you bought your computer for by renewing your ANTIC subscription.

THE ACTION DISK

If you're already receiving it, you won't want to stop, not now. You know the advantages of all that valuable software on disk—ready to LOAD AND GO—and at such a great price. So just check the ACTION DISK box on the renewal order form, and send it to us today or call us toll free. That way you won't miss a trick—we'll just keep those diskettes coming, along with the magazine.

However...

If you're not already an ACTION DISK subscriber... you're simply not taking full advantage of all the programs that Antic brings you every month. The past year has included over 85 valuable programs such as graphic tutorials, taxes, printing utilities, and so much more.

Easily one hundred hours of typing!
Think of it!
Your time is too valuable.

BUT...

When you subscribe to the Action Disk... you just LOAD AND GO! Every program, every month, typed, tested and ready to use.

Just check the box on the invoice marked...
"ACTION EDITION—ANTIC WITH DISK."
Or call us toll free, 800-443-0100, ext. 133.

Do It Now. There's no time like the present.

We're looking forward to hearing from you.

P.S. When you subscribe to the "Action Disk" you can look forward to surprise graphics and programs not included in the magazine.
